Join the Udara Project - Africa's AI Movement

The Udara Project is a continent-wide initiative mobilizing millions of Africans to help build the future of Artificial Intelligence in Africa. The goal is to create the largest open-source African language dataset and ensure African voices, languages, and perspectives are represented in global AI systems.

Upcoming Event: April 20-25

Join thousands of participants across Africa and become part of a growing AI community.

What You'll Gain

Understanding of Artificial Intelligence and Machine Learning

Hands-on experience using AI tools and platforms

Opportunity to contribute to African AI datasets

Learn from a pan-African AI community

Opportunity to become a Udara Ambassador and help grow the movement

Who Can Apply

Anyone interested in AI and technology

Students

Professionals and workers

Anyone who wants to help build AI for Africa
