Introducing CoreLink: Ethiopian Innovation and Talent Hub

Join now: corelink.et

CoreLink is a verified pool where Ethiopian professionals and students are brought together on one table. It is the space where talent gets discovered by building a deep-dive professional identity based on actual projects and daily progress.

By organizing scattered skills into one resource, CoreLink makes it possible to find the best talent for your ideas and connect with the right team members. Instead of searching through disconnected groups, you can see everyone's work in one place.

If you are a student, start building your profile now to get discovered by companies and individuals. Whether you want to collaborate on projects or be matched with startups and opportunities that fit your skills, CoreLink connects you to both local and global possibilities.

Join the pool of professionals and get discovered.
