

College of social science and humanities

Model Exam for Sociology Students

Exam date: 16/09/2015 E.C.

January, 2023

Debre Berhan Ethiopia

Choose the best answer from the given alternatives

Mr X and Mr Y is discus on the two basic Social Identity theories. Mr X argue that culture and individual identities created by the wider social forces making up the social structure of society. Individuals are like puppets or programmed robots, who are socialized and manipulated by social institutions. However, Mr Y suggests that identity is something individuals can create rather than simply having imposed on them. Individual and social identities are produced by the interaction between individuals and the culture and society to which they belong.

Answer the following questions based on the above information

1. Which one of the following social identity theory is identified by Mr X
